

SUNSHARES

Simple. Affordable. Together.

The City of Walnut Creek is excited to announce that SunShares is back this Fall!

SunShares is a renewable energy program making it **easier** and more **affordable** for Bay Area residents to go solar or purchase an electric vehicle. SunShares offers discounts, free workshops and helps renters learn more about their clean energy options.

To sign up or for more information, please visit: www.bayareasunshares.org.

If you've ever thought about installing solar or buying an electric vehicle but don't know where to start, SunShares is here to help! SunShares pools the buying power of participants to get discounted pricing from solar companies and vehicle manufacturers.

The City is participating in SunShares to help support the clean energy goals of our Climate Action Plan, engage our residents in this limited time community offer, and demonstrate our commitment to sustainability.

How SunShares works

1. Workshops are held to help residents understand the basics of solar, electric vehicles, financing options, options as a renter and answer questions. **RSVP** at www.bayareasunshares.org/events for the Contra Costa workshop September 28 from 7-8 PM at Concord's City Hall, 1950 Parkside Drive, Concord or sign up for a webinar.
2. Three pre-vetted solar installers were selected and will work with you to schedule your home solar evaluation. **Register by November 10th to receive a no-cost, no-obligation solar proposal.**
3. Sign your solar contract by December 31st, 2017 to move forward with solar installation and take advantage of the discounted program pricing.
4. Preview the electric vehicle offerings. To see the deals and to receive your discount code, **register at www.bayareasunshares.org by November 10th, 2017.**

It's that simple!

Should you have any questions, please contact BC3 at: sunshares@bc3sfbay.org
